

Md Shamsul Alam Pranto

Kuril, Dhaka, Bangladesh

alampranto17@gmail.com — +8801740881088 — GitHub — LinkedIn

Career Objective

Motivated Computer Science student with strong foundations in software development and data analysis. Experienced in building desktop applications, database systems, and data-driven projects. Seeking opportunities to apply problem-solving skills and technical knowledge in a practical, growth-oriented environment.

Education

Bachelor of Science in Computer Science and Engineering	2022 – Present
American International University–Bangladesh (AIUB)	CGPA: 3.83 / 4.00
Higher Secondary Certificate (HSC)	2021
Milestone College	GPA: 5.00 / 5.00

Projects

EPL 2020–21 Season Analysis (Data Analytics)

- Performed exploratory data analysis on English Premier League season data
- Visualized team performance, goals, and match outcomes
- Technologies:** Python, Pandas, Matplotlib, Seaborn

Flipkart Mobile Phone Price Dataset (Data Analysis)

- Scraped and analyzed 200+ mobile phone listings using web scraping techniques
- Extracted pricing trends and feature-based insights from cleaned datasets
- Technologies:** Python, Pandas, Selenium, BeautifulSoup

Restaurant Management System (Desktop Application)

- Developed a desktop system for managing orders, billing, and sales records
- Designed a relational database schema for efficient data handling
- Technologies:** C#, MSSQL Server, Windows Forms

Technical Skills

- Languages:** C++, Python, C#
- Web:** HTML, CSS, JavaScript
- Databases:** MySQL, MSSQL Server
- Tools:** NumPy, Pandas, Matplotlib, Jupyter Notebook, MNE

Soft Skills and Interests

Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability, Tech Savvy, Multitasking, Time Management

Interests: Statistical Analysis, Data Science, Machine Learning, Artificial Intelligence

Honors and Certifications

- IEOM Society International Conference – Certificate of Presentation (2024)
- Presented research on AI-powered mobile health applications
- C# (Basic) Certification – HackerRank

Extracurricular Activities

- Member, AIUB Programming Community
- Volunteer in academic and technical events
