

Md Shamsul Alam Pranto

Kuril, Dhaka, Bangladesh
alampranto17@gmail.com — +8801740881088 — GitHub — LinkedIn

Career Objective

Motivated Computer Science student specializing in software development and data analysis with hands-on experience in building desktop applications, databases, and machine learning projects. Seeking to apply my technical expertise, problem-solving mindset, and teamwork skills to contribute to innovative, data-driven solutions while gaining practical industry experience through an internship.

Education

Bachelor of Science in Computer Science and Engineering	2022 – Present
American International University–Bangladesh (AIUB)	CGPA: 3.83 / 4.00

Higher Secondary Certificate (HSC)	2021
Milestone College	GPA: 5.00 / 5.00

Projects

EPL 2020–21 Season Analysis (Data Analytics)

- Performed exploratory data analysis on English Premier League season data
- Visualized team performance, goals, and match outcomes

Flipkart Mobile Phone Price Dataset (Data Analysis)

- Scraped and analyzed 200+ mobile phone listings using web scraping techniques
- Extracted pricing trends and feature-based insights from cleaned datasets

Restaurant Management System (Desktop Application)

- Developed a desktop system for managing orders, billing, and sales records
- Designed a relational database schema for efficient data handling

Technical Skills

- Languages:** C++, Python, C#
- Web:** HTML, CSS, JavaScript
- Databases:** MySQL, MSSQL Server
- Tools:** NumPy, Pandas, Matplotlib, Jupyter Notebook, MNE, Selenium, BeautifulSoup

Soft Skills and Interests

Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability, Tech Savvy, Multitasking, Time Management

Interests: Statistical Analysis, Data Science, Machine Learning, Artificial Intelligence

Honors and Certifications

- IEOM Society International Conference – Certificate of Presentation (2024)
- Presented research on AI-powered mobile health applications
- C# (Basic) Certification – HackerRank

Extracurricular Activities

- Member, AIUB Programming Community
- Volunteer in academic and technical events
